

My First Document

Finlay Campbell

April 18, 2016

Abstract

How are you doing, LaTeX?

1 Introduction

This is the introduction of my first LaTeX document, I hope you enjoy it.

$$\alpha = \sqrt{\beta} \quad (1)$$

1.1 Finlay

This is first subsection of my first LaTeX document; I hope you enjoy this, too.

2 Second Section

This is hopefully a big section, bigger than our Subsection 1.

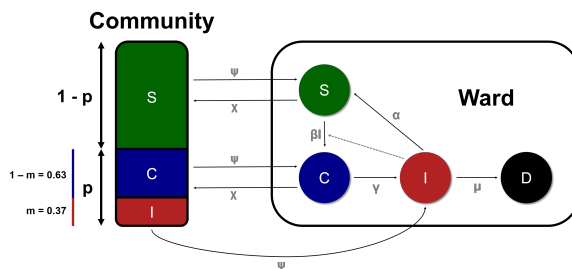

Figure 1: I don't think we have a figure yet

3 Using Sweave to combine R and LaTeX

Below we should see a plot rendered using R code.

Now we should be seeing normal text again.

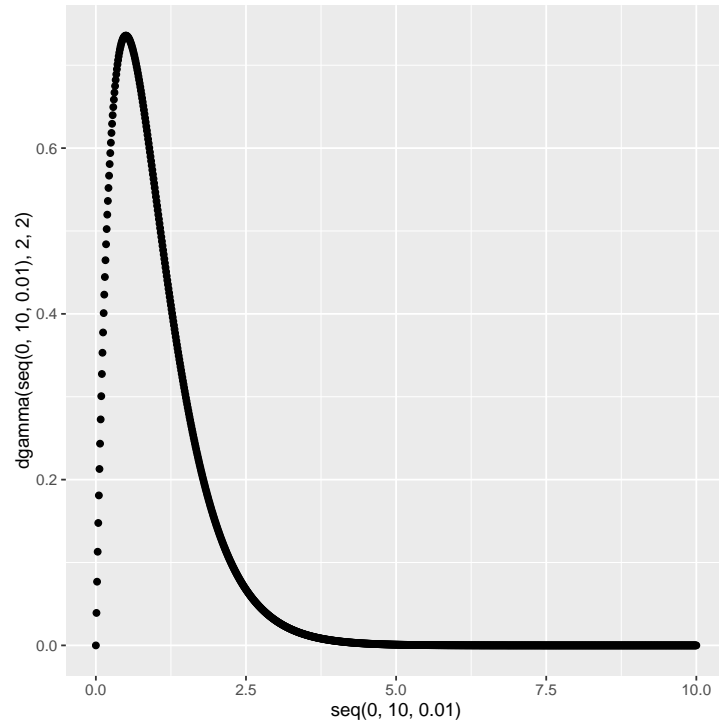

Figure 2: This is imported from R

4 Conclusion

This is the conclusion. I hope you enjoyed this LaTeX document, come again.
